## SCRAP METALS

### ELECTRONIC WASTE 101

Electronic Waste Recycling also known as E-Waste is a term used to cover items of all types of Electrical and Electronic Equipment (EEE) and its parts, that have been discarded by the owner/ business as waste, without the intention of re-use.

When these items have exhausted their utility value through either redundancy, replacement or breakage we will recycle them in an environmentally friendly manner.

Inca Metals (Pty) Ltd is registered in Recycling and Electronic Waste Recycling and undertakes to abide by the code in all its aspects always.

Types of E-Waste:

1. Cell Phones
2. Tablets
3. Laptops
4. Computers and telecommunications equipment
5. Computer Monitors
6. Tv's
7. Printers
8. Copiers
9. Gaming Systems
10. Catalytic Converter's
11. CPU's
12. Circuit Boards / Mother Boards

By Recycling your Electronic Waste we will keep toxic materials out of landfills. A Certificate of Safe Disposal will be issued to you when your E-Waste has reached it's end of life. All personal information will be destroyed.
